
Romero Alejandro Antonio

Date of Birth: 24/05/1984

Civil status: Married

Place of birth: Sacanta, Cordoba, Argentina

Career Summary

I've more than 10 years of experience in .NET, NET Core, JQuery, MVC razor, SQL Server, Node js ,Team foundation server, Azure, Web API, WCF (SOAP/REST) also I'm like to work directly with client.

I have experience in SQL Server/Oracle and IIS Manager also I've coordinated implementation for any projects doing the new documentation or plan.

I'm currently working with Agile method and I had experience with scrum and cascade, and I'm proactive and I like to work in a team.

Over the past few years, I took on the challenge of updating a mobile app by incorporating a new feature using Xamarin. I chose to learn this technology from the ground up, allowing me to achieve successful client outcomes and reaffirming my adaptability and commitment to continuous learning.

I like works with a lot of technologies and in the backend or frontend, I like to work in a team and with agile technologies. Also, I'm always trying to update my skills in the new technologies.
